

A complete ERP solution for your
wholesale fresh produce business

Software that grows with your business

Solutions That Help Your Business Bloom

Why Choose Us

Industry Specialists

With over 30 years of experience in the fresh produce industry, our software is specifically designed to meet the unique needs of fruit and vegetable wholesalers. You can trust that it's built by industry experts to streamline your operations and support your business growth.

24/7 Support

We deliver top-tier support for all our products and work closely with you to help elevate your business. Our goal is to be your trusted partner, driving your success to the next level.

Customisable Software

Our software adapts to your businesses needs! We've created a customisable software solution suitable for businesses with 1 to 100+ users.

Our Solutions

Fresh Market Agent

Fresh Market Agent is our complete software solution to efficiently run your primary wholesale business from one simple user-friendly platform.

Fresh Distribution

Fresh Distribution is our customisable software solution for secondary wholesalers designed to manage the complexities of fresh produce distribution.

Modules & Add-Ons

Fresh Computer Systems has also developed a number of modules & add-ons to cater to specific needs from pack and repack management to EDI integration.

Our History

Founded in 1990, Fresh Computer Systems has grown to be Australia's foremost supplier of software specific to the fresh produce industry. With over 100 sites throughout Australia and South East Asia, our software is delivered over the web so you can access the tools you need from anywhere and at any time. We can host our system for you on our cloud server or install our system on a server hosted by you.

Located at Rocklea in Brisbane, we have our finger on the pulse of the markets and your business. Our highly regarded and experienced team of professionals are here to support you with expert advice 24 hours a day 7 days a week.

Our Team

Our people are the most important factor contributing to the success and reputation of our company. Together we have built long-standing relationships with our clients.

Located in Brisbane we frequently send representatives to all client areas to keep in touch, discuss future requirements, and run training sessions and seminars. Our comprehensive support options ensure you get the help you need when you need it.

With over 100 years of accumulated knowledge, our team is dedicated to developing software for your industry and providing solutions tailored to your business.

Our Network

Fresh Computer Systems benefits from a strong corporate platform and international support. As part of Vela APX, an operating group of Constellation Software Inc. (TSX:CSU), we are connected to international network of software providers across a wide range of industries within both public and private sectors.

What Our Clients Say

"Fruitlink has been a client of Fresh Computer Systems for over 25 years. We consider the Fresh team a "Partner" in our growth, who have been willing and able to tailor their product to meet the ever changing needs of our business. I would readily recommend Fresh Computer Systems as an IT solution for all facets of the business, from Order Entry and Stock Control, right through to the General ledger."

Adam Dilworth - Managing Director

"Simon George & Sons has been using Fresh Computer Systems as our ERP vendor for over 20 years. We have a strong working relationship with them and they offer prompt and efficient service whenever required. Fresh has a solid understanding of the fresh produce industry, and this gives them a large advantage against competitors."

Jack George - CEO
